SESSIONS

The summer camp is broken into two, four week sessions. See the registration form for specific details about dates and prices.

CAMP 2022

CAMP MOTTO

Learning does not always take place through textbooks and homework. The education of a child involves a holistic approach - mind, body, and spirit.

Summer is a great time to nurture the body and spirit. It is a time to play games, relax in the sun, and enjoy time with friends both new and old.

Summer Camp 2022 - guaranteed to provide your child with *fun in the sun!*

SUMMER CAMP AT PRIMARY PREP

Enjoy a summer
of fun in the
sun!

SUMMER CAMP AT PRIMARY PREP

Four separate age groups are offered: Toddlers, PK3, PK4, and Grades K - 3. Age appropriate lessons are made available each week. Prices are determined based on pickup times.

See registration form for details. Register for your child's CURRENT grade.

Camp Activities

- sprinklers
- playground fun
- nature walks
- gym activities
- scavenger hunts
- science experiments
- SWIMMING (K - 3 only)

TODDLERS, PK3, PK4 (*NO SWIMMING*)

Young campers are treated to a wide variety of exciting experiences. They are provided with opportunities to expand their academic, artistic, and athletic skills or simply to celebrate the summer season in a wholesome, nurturing environment.

Lessons are infused with the daily activities to ensure a balanced day. Art, exploration, comprehension, and creativity are some of the many concepts the campers will enjoy.

Building a mud hut from materials provided.

Fun with the parachute.

GRADES K - 3 (*SWIMMING INCLUDED*)

The campers will have fun with friends while exploring the physical and natural world around them. It will be a summer filled with innovation and creativity. They should bring their thinking caps as they step into the world of adventure and possibility!

The campers will travel to St. Peter's University every Tuesday and Thursday to receive swimming lessons.

Swimming lessons at St. Peter's University!

Studying under a microscope!
